AGREEABLE SURPRISE FOR LABOR

(By Associated Press) WASHINGTON, Oct. 17.—With the introduction to the capital group, giving its views as to the right of collective bargaining, a spirit of confidence was manifested today in the general industrial conference. L. Roper, head of the railway conductors' organization, said he saw in the resolution a sincere effort at cooperation between capital and labor and, in his opinion, the conference was just getting its start.

The resolution by the capital group, which Chairman Harry Wheeler and had been assented to by seven of the labor members, said: "Resolved, that, without limiting the right of the wage earner to refrain from joining any association or labor union, with his employer, it is the duty of the employer to recognize the right of the wage earner to organize in a union of his own choosing, to bargain collectively, to strike, and to choose his representatives in his own choosing in negotiation with their employers in respect to wages, hours of labor and other conditions of employment."

SHIPPING POLES FOR TYBO LINE

Two twelve-ton teams left Tonopah yesterday, each carrying twenty shipping poles for the Nevada-California Power company high tension line under construction between Belmont and Tyler. The outfits made a powerful impression as they went over Florence Avenue with the poles topped off with twenty bales of hay on each end. The difficulty of handling the cumbersome cargo was overcome by outfit using two teams which served as trucks on a track car giving free movement and avoiding vibration. The poles will be unloaded along the proposed power line which is marked by survey stakes clear through to the headquarters of the Louisiana Consolidated Mining company. Contractor Cox says he will deliver the poles by the first of the year.

BUTTE MINERS RETURN.

(By Associated Press) BUTTE, Mont., Oct. 17.—By a vote of 104 to 212 the metal trades union in Butte, Anaconda and Great Falls, on a strike for two months, have decided to return to work on the same terms accepted last July by other crafts employed by the Anaconda Copper Mining company in the three cities. The balloting was concluded last night and the result was announced today.
